1. INTRODUCTION

Local Authorities (LAs) are required¹ to formulate a scheme to co-ordinate admissions during the normal admission round to all state-funded schools serving children in the statutory age range (5-16) in their area.

Co-ordination for September 2018

The LA will notify the Secretary of State for Education by 28 February 2017 that agreement to its co-ordinated scheme for admissions has been secured and has provided him/her with a copy.

Admission Criteria

Under the co-ordinated schemes voluntary aided, foundation and academy schools continue to set their own admission criteria.

2. AIMS OF THE SCHEME

- To meet the statutory requirements of the School Standards and Framework Act 1998 in respect of school admissions.
- To ensure that the needs of the child and the wishes of the parent(s) are the prime considerations.
- To ensure that as many parents as possible gain a place for their child at one of their preferred schools.
- To ensure that every child living in Cambridgeshire who has applied for a place at a state-funded school during the normal admission round receives an offer letter on the agreed offer date.
- To ensure that schools and parents know how late applications will be considered and processed.
- To ensure, within the limitations of the legislation, that the scheme minimises the administrative demands on schools and enables effective communication with them and neighbouring LAs.

¹ The School Admissions (Admission Arrangements and Co-ordination of Admission Arrangements (England) Regulations 2012 No. 8.

3. MAIN REQUIREMENTS

3.1 Application to Secondary School

The scheme shall:

- provide a single application form enabling a parent living in Cambridgeshire to apply for up to three secondary² schools, whether in the LA's area or not, to give reasons for those applications and to rank them in order of preference;
- ensure that in relation to any application made in the course of the normal admission round, so far as is reasonably practicable, each pupil in Cambridgeshire shall receive a single offer of a school place;
- specify the criteria by which the LA shall determine whether a child is to be granted or refused admission to a school in Cambridgeshire;
- ensure that on the national offer date (the first working day of March, or next working day, where this is a weekend or bank holiday) each year a single offer of a secondary school place is made by the LA to the parent of every child living within Cambridgeshire for whom an application has been received within the published timetable to be treated as 'on-time' admission;
- stipulate timetables of all aspects of the process;
- set out a procedure for determining any application made otherwise than in the course of a normal admission round, or where it is for admission during the normal round, any application submitted after the application deadline stipulated by the scheme;
- specify whether, in determining if a pupil is to be granted or refused a place at a school in Cambridgeshire, the LA will have regard to any information provided by another LA as to whether that pupil is to be granted a place in that LA's area.

3.2 Application to Primary School

The scheme shall:

- provide a single application form enabling a parent living in Cambridgeshire to apply for up to three primary³ schools, whether in the LA's area or not, to give reasons for those applications and to rank them in order of preference;
- ensure that in relation to any application made in the course of the normal admission round, so far as is reasonably practicable, each pupil in Cambridgeshire shall receive a single offer of a school place;
- specify the criteria by which the LA shall determine whether a child is to be granted or refused admission to a school in Cambridgeshire;

² Within this scheme, 'secondary' refers to schools which admit children into Year 7 or above in the year of entry.

³ Within this scheme, 'primary' refers to any school with an initial year of intake between Reception and Year 6.

- ensure that on the national offer date (16 April, or next working day, where this is a weekend or bank holiday) each year a single offer of a primary school place made by the LA to the parent of every child living within Cambridgeshire for whom an application has been received within the published timetable to be treated as ‘on-time’ admission;
- stipulate timetables for all aspects of the process;
- set out a procedure for determining any application made otherwise than in the course of a normal admission round, or where it is for admission during the normal round, any application submitted after the application deadline stipulated by the scheme;
- specify whether, in determining if a pupil is to be granted or refused a place at a school in Cambridgeshire, the LA will have regard to any information provided by another LA as to whether that pupil is to be granted a place in that LA’s area.

4. **NORMAL ADMISSION ROUND**

- 4.1 This scheme will apply to all children resident in Cambridgeshire who are applying for a place in Reception Year at a state-funded Primary or Infant School, or transferring to Year 3 at a state-funded Junior School, Year 5 at a Middle School, Year 7 at Secondary School Year 9 at Upper School.
- 4.2 Applications received for children transferring to Junior, Middle or Upper School will only be considered in the normal admission round where the year group applied for is the point of entry to the school. Applications received for schools where this is not the point of entry will be considered as an in year application.
- 4.3 This scheme will apply to all admission authorities in Cambridgeshire – see sections 7 & 8 for lists of these.
- 4.4 For information regarding admission to these year groups and all other year groups after the start of the academic year please refer to “In Year Co-ordination – Admission Arrangements for all Maintained and Academy Schools September 2018.”
- 4.5 **Data Gathering**
The LA will continue to try to identify as far as is practicable, those children of pre-school age eligible for entry to Reception in the 2018/19 academic year. The LA will identify those pupils in older year groups through data exchange with Cambridgeshire schools. Neighbouring LAs will be asked to provide records of Cambridgeshire children attending schools in their areas so that application information can be sent directly to their parents. Cambridgeshire LA will in return provide information to other LAs about any of their residents attending Cambridgeshire schools.
- 4.6 **Inter-LA Co-ordination**
Cambridgeshire LA will, wherever possible, take account of higher preference offers that can be made by another LA.
- 4.7 **Application Form**

Parents are expected and encouraged to apply online.

The LA will provide a brief guide to the application process and information on applying for a school place to all:

- Early Years settings, Primary, Infant and First schools in respect of transfer into Reception
- Infant and First schools in respect of transfer to a Junior or Middle school
- Primary and Middle in respect of transfer to a Secondary or an Upper School.

This guide will draw parents' attention to the availability of the full composite prospectus to download from the Council's website, and provide details on how to request a paper copy of this or the application form should they require it. The form and information will also be available for parents to pick up from Primary and Infant schools, on request from the LA.

These are the only paper-based application forms issued in Cambridgeshire. Individual schools must not ask parents to complete a separate application form.

- 4.8 As far as is reasonably practicable information will also be sent to children who live in Cambridgeshire but attend primary schools in other LA areas.
- 4.9 The application form will collect the basic child/parent data required by Cambridgeshire and neighbouring LAs to process admissions. This will include the child's name, date of birth, address, telephone number, applicant details, primary school attended (where applicable), sibling details, nationality and whether or not the child is Looked After or was previously looked after, but ceased to be so by reason of adoption, a resident order or special guardianship order, or has a statement of special educational need (SEN) or an Education Health Care Plan (EHCP).
- 4.10 The application form will allow parents to express a preference for up to three schools, to rank those preferences in order and to provide reasons for their preferences.
- 4.11 The composite prospectus will include information and guidance explaining the operation of the co-ordinated scheme and advice on completing the application form.

Supplementary Information Form (SIF)

- 4.14 Admission Authorities (the governing body/academy trust for foundation, voluntary aided and academy schools and the LA for community and voluntary controlled schools) may use their own Supplementary Information Form (SIF) for the collection of any necessary further information from parents to enable them to apply a school's admission criteria. This will include any criteria relating to church attendance.
- 4.15 A SIF must not ask:
- personal details about parents and families, such as maiden names, criminal convictions, marital, or financial status;
 - for any financial contribution, voluntary or otherwise;
 - details of parents' achievements, educational background or whether either the parents' or the child's first language is English;
 - details about parents' or children's disabilities, special educational needs or medical conditions;
 - about parents' or children's interests, hobbies or membership of societies;
 - for parents to agree to support the ethos of the school in a practical way; or
 - for both parents to sign the form, or for the child to complete the form.

- 4.16 Information on which schools require a SIF will be provided in the LA's composite prospectus. Copies of the SIF will be available for download from the Council's website and must be made available to collect from the school. All parents making applications for a school requiring the completion of a SIF will still be required to complete a Cambridgeshire application form. All SIFs must be returned directly to the school at which a place is being sought by the national closing date for the respective co-ordinated scheme. Any forms, which are submitted to the LA, will be forwarded to the relevant school.
- 4.17 On the basis of the expected primary criteria, all Voluntary Aided Schools with faith-based criteria will require such additional information, either in the form of a SIF or a letter or reference from a church leader.
- 4.18 On the basis of the expected secondary criteria, only St. Bede's Inter-Church School will require parents to provide supplementary information in respect of church attendance/membership in order to apply their admission criteria.
- 4.19 Processing Applications**
The LA will co-ordinate applications and the offer of places for all Cambridgeshire maintained schools, acting as the clearing house for the Foundation, Voluntary Aided and Academy schools, and as the admission authority for Community and Voluntary Controlled Schools.
- 4.20 Once an application form has been received, where parents request a further preference to be added or the order of preferences to be changed after the national closing date, such a change will be treated as a new, late application. No parent, no matter where resident, will be allowed to have more than three live primary, or secondary, preferences at any point in time during co-ordination prior to the offer date. In line with the current School Admissions Code parents will not be allowed to change the order of their preferences after the closing date, unless there is good reason for doing so⁴ and only where it is practicable to accept and process this change within the co-ordinated scheme timetable.
- 4.21 Parental preferences for a school will be ranked according to the oversubscription criteria for that school. The order of preference will not affect this ranking as all schools must operate an 'all preferences equal' policy.
- 4.22 Voluntary Aided, Foundation and Academy Schools will be asked to rank all preferences for their school. Children will be ranked according to the school's determined oversubscription criteria and not by the order of their preference.
- 4.23 Voluntary Aided, Foundation and Academy Schools will provide the LA with their lists of applications, ranked in accordance with their admission policy.
- 4.24 The LA, using preference and admission criteria rankings, including that supplied by Foundation, Voluntary Aided and Academy schools, will allocate places according to each parent's preference ranking. The following rules will apply:

⁴ A change of preference would be accepted where the child has moved house to a different catchment area or closer to a different school, or where an older sibling has changed school.

1. Where a parent's first preference can be met, a place will be allocated at that school and the LA will not consider any applications for lower-ranked schools.⁵
 2. Where a parent's first preference cannot be met but the second preference can be met, a place will be allocated at the second preference school and the LA will then not consider any application for a school ranked as third preference. The child's name will be placed on the reserve list for their first preference school and ranked according to the school's oversubscription criteria.
 3. Where a parent's first and second preference cannot be met, but the third can be met, a place will be allocated at the third preference school. The child's name will be placed on the reserve list for their first and second preference schools and ranked according to each school's oversubscription criteria.
 4. If the LA is aware that a place is to be offered by another LA for a school which is a higher ranked preference, then applications will not be considered for lower-ranked preferences. If this information is not available then multiple offers may occur.
 5. Where none of the parent's preferences can be met, a place will be allocated at the nearest appropriate school with available places (if the child lives in Cambridgeshire) and their child's name placed on each school's reserve list and ranked according to each school's oversubscription criteria.
- 4.25 Applications submitted after the closing date will only be accepted and treated as having been received "on time" where a parent can demonstrate a valid reason for not meeting the closing date in accordance with recommendations within the School Admissions Code. This will include parents returning from abroad or moving from other parts of the country and service personnel who receive confirmation of a move after the closing date.
- 4.26 All other applications received after the national closing date will be considered as "late applications" and offers made within the second admissions round. This means that these applications will be considered after places have been allocated to those applicants who applied by the published deadline.
- 4.27 Where relevant, offer letters will include information to provide parents with the reasons for refusing their child a place at one or more of their preference school(s) and will explain their right of appeal⁶ against those refusals.
- 4.28 Parents will be asked to contact the school if they wish to take up the offered place and to notify the LA in writing if they do not wish to take up the place offered to them. Where a parent does not respond within a reasonable period of time, the offer may be withdrawn and the place offered to another child, in accordance with the School Admissions Code.
- 4.29 Following the National Offer Date there will be no distinction drawn on school reserve lists between on time and late applications. All applications will be ranked according to the oversubscription criteria.
- 4.30 Where, following the offer date, the offer of a place is declined, the LA will re-allocate the place to the first child on the reserve list created following the National Offer Date, in cases where such a list exists.

⁵ This method avoids creating and having to resolve multiple offers within the LA.

⁶ Where infant class size legislation applies, parents will be informed that the appeal will take the form of an infant class size appeal.

- 4.31 A child's details will not be added to a school's reserve list if a higher preference school has been offered.
- 4.32 Where a parent wishes, after the National Offer Date, to have their child considered for a lower preference school, or a school not named on the original application form, a change of preference form must be completed, indicating the new order of preferences. As stated above, no parent can hold preferences or have their child on the reserve list for more than the three schools at a time.
- 4.33 Full co-ordination by the LA will continue beyond the published offer dates but applications received after this point will be considered as per the attached timetables. The LA will maintain reserve lists for all oversubscribed schools, ranked according to the school's oversubscription criteria, and continue to allocate places from those lists if spaces become available, until 31 August each year.
- 4.34 Secondary applications from Cambridgeshire-resident children, who are seeking entry to schools in other LA areas that have their normal intake in a year group other than Year 7, will be sent to the relevant home LA who will contact and advise the parent as to how they will process the application.

5. SECONDARY CO-ORDINATION TIMETABLE

DATE	EVENT
By 12 September 2017	LA Admissions Team will send to all primary and junior schools UID letters for all Cambridgeshire children. The schools will issue these to the children via pupil post. The letters will provide a brief guide to the application process, encourage online applications, provide the UID for their child, and draw parents' attention to the full composite prospectus being available online. Paper applications and the composite prospectus are also made available for parents of Year 7 applicants to pick up from primary and junior schools and are available on request from the LA. These can be downloaded from the County Council's website.
On 12 September 2017	On-line application process goes live.
By 17 Oct 2017	Email sent to Cambridgeshire primary and junior schools with reminder letter to be issued to all pupils in the transfer group of the need to apply for a Year 7 place.
By 31 October 2017	All secondary schools to have held their open evenings/day events.
31 October 2017	CLOSING DATE FOR PARENTS TO SUBMIT APPLICATION FORMS & SIFS (or next working date where this is a weekend and the application form has a postmark of a minimum of one day before the closing date). ANY applications received after this date will not be dealt with until after the National Offer Date except in those limited circumstances where it is agreed to accept a late application as having been received on time.
By 9 November 2017	All application forms sent direct to schools must reach the LA.
23 November 2017	LA sends details of on-time applications to other LAs.
7 December 2017	LA sends schools an email of the number of preferences expressed as an indication of the level of subscription.
11 December 2017	LA sends to each Foundation and Voluntary Aided Secondary and Academy schools details of applications for ranking where the school ranks their own applications.
By 29 Dec 2017	Notification received from STAR Team of schools which have been named in children's statements of SEN or EHCPs.
by 9 January 2018	Deadline to respond to any query or changes for Foundation and Voluntary Aided Secondary and Academy schools and apply their own criteria and rank the preferences received. Ranked lists are sent back to the LA.
by 1 February 2018	LA processes applications following exchange of data with other LAs and criteria ranking and begins final allocation process

12 February 2018	All allocations completed.
By 15 February 2018	STAR Team must have informed children of the Secondary School named in their SSEN / EHCP.
16 February 2018	LA send final allocation lists to neighbouring Las. LA prints all offer letters.
27 February 2018	LA sends final allocation lists to all Cambridgeshire Secondary Schools. Primary and Junior schools receive details of which Secondary Schools their children have been allocated. Gamlingay First School receives details of which Middle School their children have been allocated. (This is subject to the outcome of a separate consultation process on the future pattern of provision in Gamlingay which is currently being undertaken jointly by the Stratton Education Trust and Cam Trust.)
1 Mar 2018	NATIONAL OFFER DATE Offer letters sent to parents via Royal Mail by 2 nd class post, and by email in cases where the parent has applied on line. Parents asked to return a reply slip if they do not wish to take up the offered place. Parents also informed of their right of appeal against any refusal and to whom to appeal. Places declined by parents are allocated to those on the reserve list in order of ranking.
3 April 2018	LA processes applications received between 1 November 2017 and 31 March 2018.
13 April 2018	Parents submit appeal forms in order to ensure these can be heard by the 18 June 2018 (National Secondary Appeals deadline).
24 April 2018	LA issues offer letters by 2 nd class post to those parents who applied after the 31 October 2017 deadline.
30 May 2018	LA sends reminder letter and application form to all Cambridgeshire children known to them for whom an application has not been received.
18 June 2018	Statutory deadline by which appeals lodged by 13 April 2018 must be heard.
29 June 2018	LA issues revised allocation lists to schools. In-year co-ordination now commences.
