

Spare Seats – Questions and Answers

Why am I not eligible for free transport, and what is meant by ‘spare seat’ application?

You do not meet the criteria for free transport, if you are not attending your catchment or designated school, or if you live under the specified distance (2 miles for primary school, and 3 miles for secondary). Please visit our website for full details: www.cambridgeshire.gov.uk/education/transport

When will I hear whether I have been successful with my spare seat application?

You may not hear about your application until the half term holidays after your application is for (i.e. October, February or May). We have to ensure that all entitled pupils and Post 16 students are allocated seat before we process spare seat applications. You must ensure that you have alternative travel arrangements in place for the start of the school term.

If my application cannot be considered until a later date in the term, could I pay a reduced contribution?

Yes, we will consider these on a case by case basis, and you will be informed accordingly for any reduced rates.

I can see there are seats available on the bus, why has my application been refused?

The SET Team (Social and Education Transport Team) load the buses for pupils that are entitled for free transport first. These pupils may not use the bus every day, but they are eligible and we have to have capacity available for them should they wish to travel. Some days the buses may look under used, but these ‘empty’ seats are allocated to pupils.

Why can't you put on additional capacity for spare seats if there is demand?

The County Council cannot assist parents that make the choice to send their children to a non-catchment school. We do not have the resources to offer additional capacity for spare seat applicants.

I had a spare seat in previous terms/years, why has my application been refused?

Applications for spare seats are dealt with on a first come, first served basis. They are processed in order of the date applications are received into our office. The issue of a ‘spare seat’ for one term is not a guarantee for subsequent terms or school years.

When can I apply for the next terms spare seat?

Applications must be received after the start of the half-term holiday immediately before the beginning of the term for which the application is made. The earliest date in which you can apply for a spare seat is the first Saturday of the May, October and February half terms.

How long will I have to wait for my bus pass once my application has been approved?

Your bus pass should be received within 10 days of your application being processed.
