Dear Sir/Madam,

### **Construction of Fendon Road/Queen Edith's Way/Mowbray Road roundabout**

We wrote to you in July about work that is due to start on the new road layout for the Fendon Rd/Queen Edith's Way/Mowbray Rd roundabout on Monday 9 September 2019, and have some further updates.

#### **Nightingale Avenue**

The Citi 1 bus will be diverted along Nightingale Avenue for outbound journeys from Addenbrooke's. Nightingale Avenue will need to be widened at the junction with Hills Road to enable the Citi 1 buses to turn left from Hills Road. The widening works will take place between Saturday 31 August and Thursday 5 September. During this period Nightingale Avenue will be closed at the junction. Local residents will still be able to access Nightingale Avenue via Worts' Causeway and the small set-back section of Hills Road.

To ensure Nightingale Avenue is safe for all users, we will be temporarily removing all of the on-street parking for the duration of the main roundabout works. Double yellow lines will be installed.

#### **Bus Diversions**

Details of the official bus diversion routes and location of temporary bus stops can be found on the map enclosed. We have also included a general traffic diversion route map.

Stagecoach have a dedicated webpage for the Fendon Road roundabout works and bus diversions: <https://www.stagecoachbus.com/promos-and-offers/east/queen-edith-closure>, which are listed below:

**Citi 1:** all Citi 1 buses will continue to serve Addenbrooke's.

**Buses between Cambridge and Cherry Hinton/Fulbourn:** this service will operate as normal between Arbury and Addenbrooke's. After leaving Addenbrooke's, buses will divert via Hills Road and Nightingale Avenue - this will mean ***the stop on Fendon Road will not be served.***

**Buses between Cherry Hinton/Fulbourn and Cambridge:** after departing Cherry Hinton High Street, these services will follow a diversion via Cherry Hinton Road and Mowbray Road in order to access Addenbrooke's.

**Stops on Queen Edith's Way cannot be served** as the junction at Fendon Road will be closed.

**Citi 2:** Citi 2 will not serve Addenbrooke's:

**Buses between Cambridge and Addenbrooke's:** *this service will terminate at Wulfstan Way.* Customers that require connections to Addenbrooke's will need to transfer onto a Citi 1 service on Cherry Hinton Road at the Derwent Close stop.

**Buses between Addenbrooke's and Cambridge:** as the Citi 2 cannot serve Addenbrooke's, customers will need to use the Citi 1 from Addenbrooke's towards Cherry Hinton. Passengers will need to **transfer at the Strangeways stop on Queen Edith's Way**, changing on to the Citi 2 towards Mill Road and other destinations.

**16A:** (Monday-Friday) will continue to serve Addenbrooke's:

**Buses towards Great Thurlow:** from Long Road 6<sup>th</sup> Form College, this service will operate directly to Addenbrooke's Bus Station. After Addenbrooke's Bus Station, this service will then operate via Hills Road and Nightingale Avenue to rejoin the normal route. **The Fendon Road stop will therefore not be served.**

**Buses towards Cambridge:** this service will operate via Cherry Hinton Road and Mowbray Road between the Robin Hood pub and Fendon Road.

## Public Exhibition Events

We will be holding public exhibition events on these dates:

- Thursday 29 Aug (12.00 - 2.00pm) – Addenbrooke's Concourse
- Monday, 2 September (5.30 - 7.30pm) – Netherhall School
- Wednesday, 4 September (3.30 - 6.30pm) – St James C of E Church, Wulfstan Way

For more information visit: [www.cambridgeshire.gov.uk/Fendon-Rd-QEW](http://www.cambridgeshire.gov.uk/Fendon-Rd-QEW).

You can also follow us on social media for updates: Twitter @CambsCC and @Cambs\_Traffic, Facebook @CambridgeshireCC.

We would like to apologise in advance for the inconvenience and disruption the works will cause, and thank you for your co-operation and understanding during this time.

A copy of this letter and the 12 July letter are available on the website. If you require any further information, or have any questions about the work or the project, please do not hesitate to contact us via the details above.

Yours sincerely,

Grant Weller, Project Manager
