The reason for intending to make the above named Order is to facilitate the movement of traffic and to enhance safety for all road users and for preserving or improving the amenities of the area through which the road runs.

Explanatory Note:

The proposal would introduce a residents’ permit parking scheme in various roads in the Benson North area of Cambridge from Monday to Friday between 9am and 12 noon. It is intended to tackle issues associated with all day non-resident parking that denies parking spaces for residents and their visitors.

Any existing double yellow lines would be retained and some additional ones are also proposed. These are to address concerns about indiscriminate parking at specific locations where it creates vehicular conflict, a road safety hazard or access difficulties.

In Windsor Road, Richmond Road and Wentworth Road some mixed use bays are proposed which would provide 2 hour pay & display and/or residents’ permit holder parking. These are to cater for short duration visitors to places, such as St. Augustine’s Church. In all cases, the proposed restrictions will operate from Monday to Friday between 9am and 12 noon.

Existing disabled blue badge holder parking bays and the car club space in Wentworth Road will remain.
